WHY TAKE A CHANCE WITH YOUR VALUED INVESTMENT?

With a Vehicle Protection Plan from GWC, you are protected against unexpected repair costs that may result in significant out-of-pocket expenses. With today's advanced technology, repairs can be costly and are often unpredictable. You'll rest easy knowing that your vehicle will have coverage anywhere in the United States and Canada. You can even choose the length of coverage that best suits your needs.

HOW DO I FILE A CLAIM FOR A COVERED REPAIR?

Take your vehicle to the repair facility of your choice or utilize your plan's towing benefit. Instruct the facility of your choice to contact us and we'll authorize and pay for the covered repair directly. You only pay your deductible and any costs not directly covered by your plan.

Don't miss out on important coverage.

FREQUENTLY ASKED QUESTIONS

Q: IS THE PLAN TRANSFERABLE IF I DECIDE TO SELL MY VEHICLE BEFORE THE COVERAGE ENDS?

A: Yes, unlike many other plans you can transfer your coverage to the next owner. This may help you get the highest possible resale value because the next owner will know they are protected from unexpected high repair costs.

Q: WHEN DOES MY COVERAGE START?

A: For used vehicles, coverage begins Day One, Mile One, meaning you are fully protected against covered repair costs the day you purchase your vehicle. For new vehicles, coverage begins on the contract sale date. With the warranty remaining option, the contract begins upon expiration of the manufacturer's basic factory warranty.

Q: WHERE CAN I TAKE MY VEHICLE FOR REPAIRS?

A: Repairs can be made at any licensed and reputable service facility. We'll even help you locate a preferred provider if you have a breakdown while traveling.

Q: WHEN DO I HAVE TO PURCHASE THE PLAN?

A: For vehicles no longer covered under basic factory warranty, you must purchase the plan the same day you purchase the vehicle. For vehicles that still have factory coverage, you have until that warranty runs out. However it is always less expensive to buy a plan when you have fewer miles on the car.
